Annual Report 2017-2018

Our Impact

Our young people find themselves in vulnerable situations and facing adversities such as mental health issues, family violence, identity issues or poor living conditions, which put these youth at risk of not reaching their full potential.

With the guidance and support of a mentor, these risks can be avoided, and our young people can gain the confidence to achieve more.

With the support of our funders and volunteers, we ensure that every youth has what they need to succeed.

Through life-changing programs, community-based services, and relationships with peers and caring adults, BG-CBigs help children and youth develop the skills they need to succeed.

Message from the President & Executive Director

We needed you and you were there.

Many of our young people find themselves in vulnerable situations and facing adversities such as mental health issues, family violence, identity issues or poor living conditions, which put these youth at risk of not reaching their full potential.

Because of your continued support as a volunteer, as a funder, as a donor, or as partner, our young people can gain the confidence to achieve more. You have helped Boys & Girls Clubs Big Brothers Big Sisters of Edmonton & Area (BGCBigs) to meet the needs of over 5600 young people in the past year, with the support of over 3400 caring volunteers.

You have helped ensure that children and youth have access to mentoring and after school programs across this community.

Because of you, children and youth challenged by the impacts of poverty have access to encouraging and healthy relationships, as well as, safe places to go after school. Because of your support, our children are exposed to experiences that help build their self-esteem, cultivate positive mental health, and construct a confident toolkit of resiliency for coping with a range of life events.

When our kids are successful our community thrives. Thank you for being by our side in this work. When we needed you, you were there. Please know that we truly value your support and your friendship.

Sincerely,

DeAnn Hunter

.....

Over The Past Year....

Boys and Girls Clubs Big Brothers Big Sisters(BGCBigs) is a community-supported organization committed to the healthy development of children, youth, and their families by providing safe places, positive relationships, services, and opportunities to develop personal strengths and interpersonal skills that enhance their long-term success in life. BCGBigs Mentoring and After-School programs seek to support vulnerable children and youth challenged by the impacts of poverty. The organization also works in partnership with other community organizations to develop and deliver programs geared to specific populations, such as the immigrant and refugee community, the Indigenous community, and other vulnerable groups (e.g. LGBTQ youth).

Mentoring

Mentoring has been shown to be an important component of wraparound community services to support a child's success in school. Mentoring is defined as the relationship between a caring more experienced or wiser volunteer (e.g. adult or older teen) and a child or younger youth. Through participation in educational, recreation and social activities with a volunteer mentor, a mentoring relationship provides a child with support, friendship, guidance, and a constructive role model.

Children With A Mentor Are:

27%

less likely to start using alcohol

46%

less likely to start using drugs

37%

less likely to skip a class

52%

less likely to miss school

78%

of former "littles" or mentees who came from a social assistance background don't rely on social assistance as adults.

2600+
kids mentored

Boys with mentors were two times more likely to believe that school is fun or that good academic performance is important. They were also two times less likely to develop negative behaviors such as bullying, and less likely to suffer from peer pressure anxiety (e.g. what others might think of them).

Girls were found to be four times less likely to bully others than those without a mentor.

After-School Programs

BGCBigs Club programs offer site-based after-school program options in neighborhood club sites and schools. These programs offer safety, positive youth development activities and academic enrichment to support positive self-image and self-confidence, improved academic performance, and engagement in learning.

19

BGCBigs's operates nineteen afterschool Club programming sites. These sites are spread throughout Edmonton in communities faced with poverty and crime; many are within close to City of Edmonton low-income housing developments; neighborhoods also often have high immigrant populations

Highlight: Norwood Walking Bus – BGCBigs staff walk with a group of children to Norwood School to McCauley Club. At the club, volunteers assist the club staff with planned programs (either in the facility or the gym), help with snack and/or dinner preparation, and interact with the kids as a positive role model.

Children Served in Clubs This Past Year:

2500+
kids in clubs

800+
kids summer programs
through partnerships

350+
volunteers

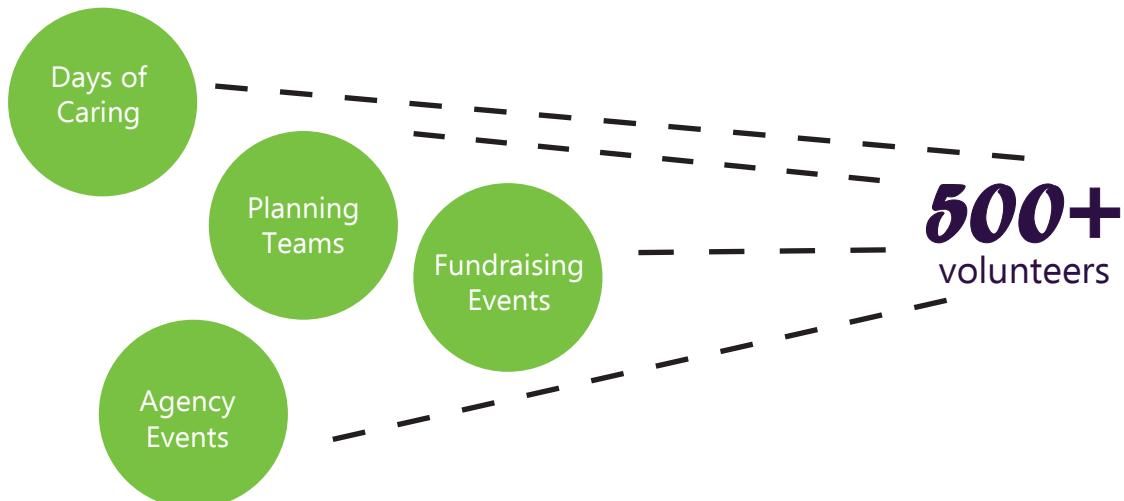

Summer programming is offered by BGCBigs in partnership with many organizations to support the delivery of summer program activities that engage refugee and immigrant children and youth. The programs link children and youth with mentors of different ages, cultural backgrounds, and interests. Activities strengthen their physical and mental well-being, minimize learning loss over summer months and improve their ability to achieve success in school.

Successes

BGCBigs is currently working with the Catalyst Research and Development on the BGCBigs project, Building an **Evaluation Framework & Capacity for Sustainability**. Together they are implementing a comprehensive work plan proposed by Catalyst to develop and implement a BGCBigs evaluation capacity framework. They will embed this framework across service delivery and corporate functions, and build the capacity of staff to implement the tools and metrics. This overarching framework will inform all future BGCBigs evaluation efforts, resulting in guidance, documentation and increased staff and organizational capacity to understand evaluation, implement quality processes and yield useable results.

Over the past year, BGCBigs has seen a great influx in the number of **immigrant, newcomer and Indigenous children and youth** to club programs. Of particular focus is the impact of the increase in numbers of immigrant and newcomer children served in our programs, the culturally sensitive programs to build youth resiliency, and the community work being done in Edmonton between the agency and other partners. BGCBigs is seeing a growing agency need to broaden its volunteer base so that it can be intentional in recruiting citizens who can speak the language and understand the cultural sensitivities as these children, youth and families that are transitioning to their new life. In response to the opportunity presented by these experiences and these leaders, BGCBigs created an **Advisory Committee** to help it create a more diverse community of mentors and volunteers. The Committee represents a collection of cultural leaders, as well as BGCBigs staff, volunteers, and external partners.

Youth Employment: Youth and families have asked for help in finding after school and summer employment; many youth BGCBigs serves are actively looking for help to work part-time while in school, and full time over the summer months, so they can help support their families. According to Statistics Canada, 76% of young people get their first job through their parents' networks. BGCBigs youth, many of whom are newcomers to the country, don't have families with those networks. BGCBigs has received some seed funding from RBC to help expand on these experiences, by researching and designing a youth employment program.

Partnerships

United Way of Alberta Capital Region

We are privileged to have been a United Way Funded Partner for the past 30+ years. Boys & Girls Clubs Big Brothers Big Sisters is a proud partner of All in for Youth. This first-of-its-kind local initiative focuses on getting children and youth successfully through their education years and on to high school completion. Education is the foundation for a bright future. But sometimes in life, challenges get in the way and extra support is needed. When students face personal, learning or family related difficulties it can reduce their chances of completing high school and increase their chances of continuing to struggle in the future. All in for Youth brings together programs and services in a new way to help every child achieve their very best, by providing support to them and their families. By taking care of critical needs now, we stand a far better chance of helping them get through tough times, build skills and set children up for academic success.

City of Edmonton – Family and Community Services

The City of Edmonton FCSS core funding that enable to us to be sustainable and continue to meet the needs of our children and youth. They generously provide financial support of over \$500,000 annually to our organization. They have not only provided necessary funding to continue operations but have also enabled staff to get valuable education. Just this past year, they helped us address emergent needs and trends that our youth are facing by funding five staff members to receive Project Impact training with Dr. Steve Patty, a renowned evaluation specialist from the US, over a nine month period. This training helped build the agency's evaluative mindsets in participant outcomes through the program delivery model. FCSS had also been at the forefront of prioritizing diversity inclusion with our agency by providing seed funding for three years that goes towards staffing for our inclusion programming.

Edmonton Community Foundation

The Edmonton Community Foundation has supported Boys & Girls Clubs Big Brothers Big Sisters of Edmonton & Area for over 20 years. Their donations have been invaluable as they have gone towards sustaining operations. Not only does ECF fund our core work that is vital to this agency but they have been working with us on new programs based on emerging trends. In 2017, we learned from Statistics Canada that 73% of youth in Canada get their first job from their parents' networks. Half of our youth are newcomer, immigrant or aboriginal, and because of this, often don't have the same access to their parents' networks. With further discussion with our youth, they told us that many of them were looking for work after school and during the summer to help support their families. We shared these results with the ECF who provided us with seed funding for a "Vital Signs" grant. This enabled us to hire a full time Youth Employment Coordinator for the next three years. We have also been able to use the funding from EFC to leverage funding from other corporations and government entities by asking them to match their donation.

Partnerships

Government of Canada

We are so grateful for the Government of Canada's support for immigrant and newcomer children and youth, ensuring that they have safe places to go after school and during the summer, and a positive role model in their lives. In addition, we have received additional financial support through our Circle Program, an initiative supporting at-risk youth and ensuring they are matched with a mentor.

Government of Alberta

We have received financial support from various departments of the Alberta Government over the past year to support our mentoring, after-school program, and renovations to our Kinsmen Club Site. In addition, we are pleased to have formally launched a partnership with Alberta Education for corporate mentoring. BGCBigs has a strong commitment to work with our community around children and youth involved with Children Services. Our youth in care program provides one to one support as well as group mentoring for youth aged 6-24 years that have prevention or intervention status with the government. Through funding from the Government of Alberta, our Youth in Care program focuses on the most critical issues which youth are facing such as schooling, housing, mental health, and relationships. Edmonton is also a member of the Youth in Care Alberta Committee, working to increase the number of youth in care with mentors in three communities in the province of Alberta.
